Steps 步骤:

The waitlist reservation is different from other reservations in a few ways.

候补预定与其他预定不同:

1. Through the effective use of waitlists, the hotel is able to maximize the occupancy by offering rooms to these guests should they become available.
根据有效运用等候名单, 酒店可通过向适合的客人提供房间使入住率最大化
2. Do not confirm or guarantee a room or reservation to the waitlisted person.
不能向列入等候名单的客人确认/担保用房/做预定
3. The reservation must be recorded on a first come first serve basis unless the guest is a VIP or has a key corporate account.
除VIP及有合同客人, 我们必须遵循先登记先预定的原则
4. All guest details will be required in order to call them back when a room becomes available for the desired stay dates.
必须记录客人呢详细信息以便在能提供其需要房间时联系到客人

Once a reservation call is received for a day where the hotel is fully booked, the guest should be offered to be placed on a waitlist. If the guest agrees, a waitlist reservation should be made.

如果接到需要酒店满预定日期的房间, 要将客人列入等候名单, 如果客人同意则为其做候补预定

The following criteria must be known:

Once an available slot is found in a wait list reservation, reservation agent should report to the Director of Sales with the details of the original request and the availability.

一旦有房间可提供给候补预定, 预定销售员应立即汇报给预定经理或销售总监并阐明原始资料及有效性。

When it is verified that the hotel wishes to accept the reservation, the Reservation Agent will call the guest and confirm the availability with him/her.

如果证实酒店愿意接受预定, 预定销售员致电客人并向其确认有房。

Status of the waitlist booking must be recorded (accepted or rejected).
