SAFETY PROCEDURES

Your safety is our utmost concern. We have installed a comprehensive fire protection system and our staff have also been trained. However, your understanding of the hotel's safety procedures is very important. Please read on...

WHAT IF... YOU'VE JUST ARRIVED?

Study the Fire Escape Plan. Upon checking into your room, locate the emergency exits. Count the doors between the fire exit and your room - this will help you in case it becomes dark and smoky

Find the Alarm Call Points And Extinguishers. Familiarise yourself with the location of the nearest fire alarm call point and know where the extinguishers and fire hose reels are located.

Sound the Nearest Fire Alarm. Upon detecting fire or smoke, break the glass of the nearest fire alarm or call the telephone operator.

WHAT IF... YOU HEAR THE FIRE ALARM ?

If the Fire Alarm Sounds Evacuate. Leave the room immediately via the nearest exit staircase, DO NOT USE THE ELEVATORS.

Do Not Attempt to Pack Belongings... Time is precious. Save your life first. TAKE YOUR ROOM KEY WITH YOU. You may need to go back to your room if your exit is blocked. STAY CALM. Panic will not help.

Evacuate. Should the fire get out of control, close all doors behind you and leave the building via the exit staircase. DO NOT USE THE ELEVATORS.

WHAT IF... YOU ARE TRAPPED IN YOUR ROOM ?

Keep the Fire out. Wet the towels or sheets and wedge these under the door to prevent smoke from entering the room. Remove the drapes from the windows. Have water ready. i.e. fill your bathtub with water to quickly remoisten wet cloths.

Inform Someone of Your Presence. Call the telephone operator, beat at the door, or signal the people below from the window to attract their attention. KEEP CALM.

Find the "OFF" Switch on Your Air-Conditioner. Learn how to turn off the air-conditioning system in your room. This will prevent smoke from being sucked into your room.

REMEMBER

PREVENT FIRE

1. If you are a smoker, be sure to completely extinguish your cigarette.

2. Do not smoke in bed, especially when you are tired and sleepy.

3. Do not throw your cigarette stubs in the waste paper basket.

4. Do not hang wet clothes on lamp shades.

5. Be sure to turn off all electrical appliances upon leaving your room, e.g. electric shaver, travelling iron, etc.
